## *From the DDCs*

North United SC remains committed to providing a safe, positive, healthy environment for every child and family within our competitive program as well as our three recreation programs (CR United, Northern Lights Soccer Club and Andover Soccer Club).

We are inspired by our players, families, staff, managers who show up every day with care, professionalism and heart!

Thank you to our families for your trust and partnership as we continue to work together to support our players, families and staff on and off the field.

We are UNITED!

With gratitude,

Aaron Lindquist

Todd Dusosky

# Club Values

**UNITY** | Players will learn the ability to work together through positive and negative experiences through sport. By playing a team sport, we are preparing them for working through those same obstacles in life.

**HUMILITY** | Our players will learn how to enjoy our own success through celebration, and redefining goals, as well as celebrating the success of others.

**PASSION** | Players will be celebrated for who they are and to express their joy of playing the game. The mindset of both our coaches and players will exude excitement to be involved in creating lifelong memories.

**RESPECT** | We will respect our opponenets, the referees, our coaches and parents of both teams before, during and after games as well as respect for our equipment and uniform.

**TRADITION** | We will honor our past club history as well as create new traditions for others to follow. Our players will give back through mentorship and pass on leadership qualities to future players.

# Teams of the Month - February

## CORE VALUE | HUMILITY

Our aim is to recognize, and celebrate, the contributions of players, and teams, towards our values as representatives of the club.

The theme for the month of February is **HUMILITY**.

### **GIRLS** | 17U Platinum

Playing in the Diamond Showcase College ID tournament is no easy task but this group set their goals high and showed it on the field! The team is led by coach Jordyn who has been helping the girls push their limits and continue to strive for bigger things to come!

### **BOYS** | 13U Gold

This group of boys came onto the big field this fall looking to continue to build on a successful consecutive 9v9 seasons. After adjusting to the larger space in the fall, they have redefined their goals and are currently on the top of the table for their TCSL Winter League season! Can't wait to see the new goals they set for themselves this summer!

## **WINTER PLAYER EVALUATIONS**

Coaching staff conduct informal technical, tactical, mental, and physical evaluations—including juggling—in line with the club development plan.

**DUE BY  
MARCH  
13**

Coaches started their winter player evaluations through PlayMetrics on 2/20 with instructions to give feedback to players, and parents, to ensure that the development, and evaluation process, for players is coordinated together and a full year summary.

This feedback is essential to players/parents in helping them improve their child's skills and their ultimate goals as players. It also provides for great conversations with players, their families and amongst the family itself! We also use the information to help us get a more well rounded understanding of the players as we go into tryouts so that we aren't just looking at how they perform in those 3 hours.

The evaluations should be sent to your email that you are registered through PlayMetrics with by 3/13. You will also receive a summer evaluation from your coach and our competitive committee will be evaluating players throughout the year.

We are excited to continue to the development of all our players as we move into the spring and summer!
